Summery

I am looking to secure a role as a web developer. I have no experience in this field but I am a dedicated and a keen learner. I have knowledge about HTML, HTML 5, CSS, JavaScript, Express JS, Node JS, MongoDB.

Skills

- Expertise – HTML, HTML 5, CSS, Bootstrap, Tailwind, JavaScript, React.
- Comfortable – NodeJS.
- Familiar – C.
- Tools – VS Code, GitHub, Netlify, Firebase.

Projects

1.Furniture Mountain

- CRUD operation is implemented.
- Separate role of admin, buyer and seller is implemented also.
- Displaying section based on data array length.
